

Gather Round

Robert Gibson/Gail Silverman © 2023

Vs1

Walking many miles in a pair of lonely shoes
Gotten used to solitude and those empty rooms
Put aside the doubts
See the hand reaching out

Move outta the shadows it's gonna be alright
There's something waiting for ya if you step into the light
Drop your guard down
Gonna be OK now

Pre

Ooh Ooh we got you, we got you

Chorus/Tag

Gather 'round it's warm here
Gather 'round, yes you belong here
Tis' the place where love is found
Gather round, gather round

Post

Gather round, gather round
Tis' place where love is found
Gather round, gather round

Ooh ooh

Come one come all hear the call (2x)

V2

Walk in through the front door and see what's waiting there
There's a place here at the table so pull up a chair
Fill your plate with hope
Come in come home

Pre

Ooh Ooh we got you, we got you

CH (2x)

Outro

Gather round, gather round, ooh, ooh, ooh

Gather round, gather round

Tis the place where love is found
